

# PHILIPS

SuperDynamic Massage  
gun 15kg / 12mm

Professional Sports  
Massage

12mm deep muscle impact

15kg strong power output

Smart intensity feedback

6 full size massage heads,  
including Titanium and PU rubber

PPM7521BK

## Ultra-silent and all-metal power system

15kg professional thrust at very low noise

Strong. Silent. Lightweight. The ultra-silent and all-metal power system provides up to 15kg of thrust. Combined with 12mm max amplitude and 8 professional grade massage heads, this massage gun is your ultimate sports recovery companion.

### **Powerful massage performance**

- Durable aluminum body
- Strong thrust output up to 15kg
- Human-computer interaction make massage easier

### **Easy to use**

- Non-slip design handle, make it easy to grasp
- High intensity plastic hardshell case for full protection.

### **Professional massage components**

- 8 professional massage heads
- Enhance the massage amplitude and comfort level
- Skin-friendly Titanium

# Highlights

## Aluminum body

The massage gun is made of aviation aluminum alloy, which helps to reduce the weight while ensuring stable structural strength. Robust and durable.

## Professional accessories

Each massage head is carefully designed taking into account the needs of the various body parts, based on the principles of physiotherapy.

## Professional titanium head

The professional titanium head is popular with physiotherapists. The hard metal surface enables the massage gun to reach deep into the muscles, targeting deep tissue layers that ordinary massage heads cannot reach and completely soothe muscle groups. Titanium is the most friendly metal to the body and does not cause discomfort to people with skin allergies.

## Strong output

SuperDynamic all-metal power system, providing 15kg professional thrust. The massage waveform is more stable and effective.

## Human-computer interaction

Intelligent strength feedback display, helps to control massage pressure and intensity. For an optimal massage, while avoiding excessive pressure.

## High elastic rubber ball head

The high elasticity of the rubber complements the vibration frequency of the massage gun, optimizing muscle tissue penetration for the best possible massage effect. The soft rubber surface is easy to clean supporting bacteria and harmful substances removal after long-term use. Protecting the skin's health.

## Non-slip design, easy grasp

The 45mm slim handle covered with non-slip silicone, supports a convenient everyday massage.

## Anti-shock portable case

The small and portable case features a high-strength plastic shell with anti-drop and anti-crush properties for providing full protection for the machine.

# Specifications

## General specifications

**Net weight:** 980g

**Product Dimension (LxWxH):** 78x142x48 mm

**Main materials:** Aluminum alloy, Silicone

**Color:** Titanium gray

## Main parameters

**Massage amplitude:** 12mm

**Working voltage:** 22.2V

**Massage frequency:** 1600Hz-3200Hz

**Battery:** 2600mAhx6

**Maximum thrust:** 15kg

**Charging port:** DC 26V 1A

## Country of origin

**Made in:** China

## Service

**Warranty period:** 2 years
