- Removes 10x more plaque in hard-to-reach areas\*\*
- Gentler on teeth and gums

# Philips Sonicare S2 Sensitive

Standard sonic toothbrush heads

HX6052/93

## Highlights

### Ultra-thin bristles

With the thinnest bristles of any Sonicare brush head (0.1 mm), the S2 Sensitive delivers a gentle yet effective brushing experience.

### Uniquely soft design

With more than 3.000 ultra-thin bristles the brush head is uniquely designed to provide an extra soft, yet effective clean that removes 10x more plaque in hard-to-reach areas.\*\*

### Extra care for your gums

As you brush your teeth, the extra soft bristles will also gently brush your gum line, for improved gum health in just six weeks.

### Uses bio-based plastic

We are working towards reducing the use of fossil-fuel based plastic in our products. That's why 70% of the plastic used in this brush head is bio-based.\*

### Trusted Sonicare brushing

Always achieve the highest cleaning performance with Philips Sonicare's advanced sonic technology. Through its extra-soft bristles,

the S2 Sensitive brush head is clinically proven to remove plaque effectively, while being gentle on your gums.

### Replacement reminder

Brush heads become less effective after three months of use. With BrushSync you'll be reminded precisely when to replace your brush head, tailored to your brushing behavior.

### Click-on design

This click-on brush head fits perfectly with your Philips Sonicare handle (check the list below). Its click-on design makes cleaning and replacing the head incredibly simple.
