- Personalised brushing experience
- Lets you know if you're pressing too hard
- BrushSync automatically selects the best mode for you
- Always know when to replace your brush heads

### Stay on track with a personalised progress report

- Start and keep up healthy habits

## Highlights

### Remove up to 5 x more stains\*\*\*

Get rid of surface stains and enjoy a whiter smile with the W3 Premium White toothbrush head. The toothbrush head's densely packed bristles are especially designed to tackle stains and the brush is clinically proven to remove up to 100% more stains in just three days.\*\*\*

### Removes up to 10 x more plaque\*

Know you're getting the deepest possible clean with the C3 Premium Plaque Control toothbrush head. The soft, flexible bristles are designed to curve around the contours of your teeth, giving you 4 x more surface contact\*\* and up to 10 x more plaque removal from hard-to-reach spots.

### W3 Premium White brush head

Click on the W3 Premium White toothbrush head to remove surface stains and reveal your whitest smile. Its densely packed central stain removal bristles whiten your teeth from day one.

### C3 Premium Plaque Control

The C3 Premium Plaque Control toothbrush head is designed to give you your deepest clean yet. Soft, flexible sides and bristles perfectly curve around the contours of your teeth, giving you 4 x more surface contact and helping target hard-to-reach spots\*.

### Progress Report

The DiamondClean 9000 electric toothbrush gives you the guidance you need to improve and maintain healthy brushing habits in between

dentist check-ups. Built-in smart sensors let you know when you're using too much pressure, and by connecting your brushing experience to the Sonicare app, a personalised Progress Report helps you stay on track and see how much you've improved over time.

### 4 modes, 3 intensities

Philips Sonicare DiamondClean 9000 electric toothbrush comes with Clean, White+, Gum Health and Deep Clean+ to take care of your brushing needs. Clean mode is for exceptional everyday cleaning, White+ is for removing stains, Gum Health provides a gentle yet effective clean for gums and Deep Clean+ gives you an invigorating deep clean. Three intensities allow you to choose between a higher setting to boost your clean and a lower one for more sensitive mouths.

### BrushSync mode pairing

Smart toothbrush heads ensure you're using the right mode and intensity for the best possible clean. For example, let's say you're using the W3 Premium White toothbrush head. Your DiamondClean 9000's BrushSync technology will automatically sync your toothbrush head with the White+ mode to help whiten your teeth.

## Highlights

### Built-in pressure sensor

You might not notice if you're brushing too hard, but your Philips Sonicare DiamondClean 9000 will. If you need to ease up, the electric toothbrush will make a pulsing sound. It's a reminder to let your toothbrush head do the work. 7 out of 10 people found this feature helped them become a better brusher.

### BrushSync replacement reminder

All toothbrush heads wear out over time, so you'll want to keep an eye on yours to make sure you're still getting a great clean. Our BrushSync technology tracks how long you've been using your toothbrush head for and how hard you've

been brushing. The BrushSync replacement reminder on your handle and a short beep remind you when it's time to replace it.

### Long-life battery

Your Philips Sonicare DiamondClean 9000 electric toothbrush will last for up to two weeks on a single charge with regular use.
