- Deluxe travel case to store and protect your shaver
- Travel lock for travel

Portable shaver

Electric compact shaver

PQ888/06

Highlights

ComfortCut Blades

Enjoy a comfortable, clean shave. The 18 self-sharpening ComfortCut blades cut all hair growing in every direction for a smooth, even finish, every time.

3D Floating Heads

Follow the contours of your face for a smooth shave. The shaver heads float in 3 different directions, following your facial contours for a clean shave, even in areas that are difficult to reach.

Compact design

Perfect for touch-ups and clean shaves on the go. This compact on-the-go shaver lets you quickly freshen up at any time, saving time in your busy

schedule. Whether it's a sudden meeting, an unplanned outing or a quick touch-up while travelling, having this portable tool ensures that you always look your best.

Powerful battery

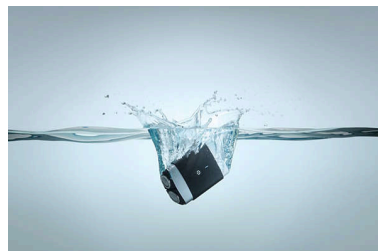

Travel with peace of mind. Thanks to its durable battery, enjoy 2 months of shaving with one charge*. In a hurry? Plug in your shaver for 5 minutes and get enough power for 1 full shave.

Wet and Dry

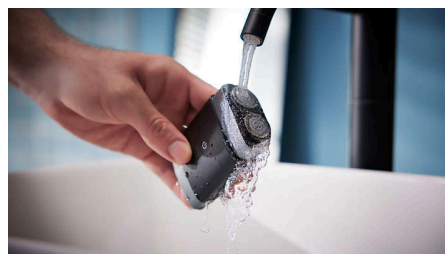

Adapt your shaving routine to your needs. With Wet and Dry, you can go for a comfortable dry shave or a refreshing wet shave. You can shave with gel or foam, even under the shower.

IPX7 water-resistant

Rinse under running water or shave in the shower. The IPX7 waterproof rating means it can be submerged in one metre of water for up to 30 minutes.

Easy to clean

The shaver's water resistance makes it easy to clean under the tap, while the built-in chamber catches all cut hair for a shave with no mess, even on the go.

Portable shaver

Highlights

Travel case

Keep it safe and tidy with the convenient deluxe travel case. Home or away, you're always ready to go.

Travel lock

Built-in travel lock prevents the shaver from turning on while on the go.

Convenient charging

At Philips, we drive sustainability in all aspects of product creation. Our ambition is to reduce waste and minimise the number of USB adapters we put in the market. Should you need an adapter, a suitable supply unit is available via: www.philips.com/support
